Business Solutions

Meet Over the Web in Real Time: Launch or join a meeting using any web browser. It's easy with WebEx Services. Communicate information and share documents, presentations and applications just like you do in person. Pitch ideas. Demonstrate products. Discuss the hot issues. Give participants the option to connect by phone, on their computer or by mobile phone, regardless of location.

Coordinate Meetings Easily: Keep everything running smoothly using WebEx Meeting Center panels with separate attendee and host views. Deliver clear, interactive full-screen presentations and show documents to participants. Manage meeting functions behind the scenes with control panels.

Count on Cisco and CenturyLink for Secure, Scalable WebEx Service: Cisco WebEx collaboration solutions can help reduce costs and optimize IT resources. WebEx web conferencing solutions are delivered as Software-as-a-Service (SaaS) through the Cisco Collaboration Cloud and are easy to roll out and scale throughout your organization. The Cisco Collaboration Cloud is a global network designed specifically for highly secure delivery of on-demand applications. It offers a scalable architecture, consistent availability and multilayer security validated by rigorous independent audits, including SSAE-16.

Connecting geographically dispersed employees, customers, partners and suppliers around the world at a moment's notice has never been easier.

CenturyLink's Collaboration Solutions offer a suite of audio, video and web conferencing services that help you boost workplace productivity while maximizing your organization's time, resources and global communications.

CenturyLink lets you meet with confidence, using a web conferencing service that is simple, intuitive and highly reliable, making it easy to host or join a meeting.

Why Choose Cisco WebEx Delivered by CenturyLink?

We Own Our Network: The collaboration network is the same telecommunications network used by data and voice customers. This means you can leverage existing VPN and voice networks for operating expense savings.

Universal Experience: We make a concerted effort to offer a consistent user experience everywhere you connect.

Strong Inter-Carrier Relationships: We have the advantage of leveraging our existing carrier volumes and relationships globally for aggressive pricing solutions, quicker service delivery and faster trouble resolution.

Tenured Team: The long tenure of the average Collaboration Services team member means you benefit from our industry expertise and premium customer service.

Superior Call Quality: Ditech echo canceller architecture, installed as network augments, supports enhanced and superior international call quality.

Disaster Avoidance Strategy: We support you with load balancing, dual provisioning, failover and alternate routing to other bridges.

Extended Reach: We can provision toll-free numbers in a large number of countries to support a comprehensive and turnkey solution.
