

CISCO WEBEX SUPPORT CENTER REMOTE SUPPORT DELIVERED BY CENTURYLINK

VIEW AND CONTROL REMOTE DESKTOPS OVER THE WEB FOR INSTANT, PERSONALIZED SUPPORT

Minimize travel by offering customer support and service to both internal employees and customers remotely. Speed resolution and cut costs by delivering personalized service with streaming VoIP and high-quality video. Easily monitor, queue, and route support requests with a fully integrated WebACD system. Improve customer satisfaction by providing high-quality support and resolving issues on the first call. Troubleshoot and fix issues directly on your customers' remote desktops.

Cisco® WebEx® Support Center Remote Support delivered by CenturyLink helps you aid customers or internal users, regardless of their location. You are able to start an instant support session and bring in the resources you need to solve problems quickly. Observe and troubleshoot software and systems in real time, even if the remote system is behind a firewall. WebEx Remote Support is easy to use for both your customers and your support teams.

Business Solutions

Optimize support with recording and reporting: Provide better customer service and improve compliance using network-based recording to document sessions, expedite incident resolution, and train new support staff. Access recordings easily from your WebEx site. Analyze and improve support processes using the detailed reporting function.

Count on Cisco and CenturyLink for secure, scalable WebEx service that works across firewalls: WebEx services are delivered on-demand over the global Cisco Collaboration Cloud. No software or hardware installations are required, making these services easy to implement and scale as your needs change. Security of your support sessions is assured using encryption technologies such as SSL and AES.

Connecting geographically dispersed employees, customers, partners and suppliers around the world at a moment's notice has never been easier.

CenturyLink's Collaboration Solutions offer a suite of audio, video and web-conferencing services that help you boost workplace productivity while maximizing your organization's time, resources and global communications.

CenturyLink lets you meet with confidence using a web conferencing service that is simple, intuitive, highly reliable and makes it easy to host or join a meeting.
